

Project Details: NAeG/14-15/00046

Project id -	NAeG/14-15/00046
Name of The Project	DRDO Website - Skill Development and Employability
Category of Award Applying for	Sectoral Award: This award seeks to recognize achievements in the focus sector for the year
Date of Launch	26-06-2012
Summary/Objective of the project	<p>The DRDO website is a large website which consists of more than 15000 web pages as a whole (including the Hindi version). The website is fully bilingual (English and Hindi). The DRDO website has been developed in such a way so that it enables more than 71 different Units/Directorates of DRDO, scattered all over India, to upload content on a central location maintaining a consistent look and feel of the website.</p> <p>This Website has been providing useful and relevant contents to researchers, students, academicians, business houses and common citizens uniformly in a categorized and transparent format. Due to its easy accessibility, clarity of information and relevant contents, it remains one of the most visited Government websites. This is confirmed by the statistics of NIC which places it consistently among This Website has been providing useful and relevant contents to researchers, students, academicians, business houses and common citizens uniformly in a categorized and transparent format. Due to its easy accessibility, clarity of information and relevant contents, it remains one of the most visited Government websites. This is confirmed by the statistics of NIC which places it consistently among the top most visited Government websites. . All tenders and procurement documents are also published on the drdo website for industry purpose. DRDO website is providing the outstanding content for their research and development of many products. It also provides the images and videos of the products. It gives the knowledge of recruitments and training to the students. DRDO publication like DRDO Samachar, Newsletter etc is also there to give knowledge of current events of DRDO. DRDO website is providing its regular updates to Defence services including Indian Army, Navy and Airforce</p>
Beneficiary of the project
