Category of Award Applying for	Excellence in Government Process Re-engineering
Date of Launch	19-08-2012
Summary/Objective of the project	The Online Bill Preparation & Payment System (PayManager) Application has been developed to facilitate preparation of all types of bills online and forward the same to treasuries for authentication and payments to beneficiaries and Employees through electronic fund transfer using Digital Signature. It provides the common and integrated platform to prepare various types of bills that includes generation of Salary Bills, DA Arrear, Bonus, Leave Encashment, Overtime, Arrears, Scholarship, Pension and Fully Vouched Contingent Bills etc. The software is being used by all (22,000) Drawing & Disbursing Officers covering around 5.27 Lacs Employees, Scholarship holders, Anganwari members, contractors and Third Parties. The unique features of the software include automated processing of payments by the way of downloading the files by banks using the digital signature authentication and uploading of information though digital signature authentication. It also provides facility for the generation of Softcopy with Different Bank formats for both the cases Intra bank transfer as well as NEFT format. It provides various reports which are helpful for administration. It uses unique codification pattern for Allowances and Deductions for the whole state. A Web based interface for the employees has also been provided. PayManager application was fully implemented in August 2012. It facilitated the Drawing & Disbursing Officers /Employees of the state for getting the information on real time basis along with the electronic transfer of payments causes faster and timely payments into individuals Bank Account with the means of authenticated data transfer using digital signature at both the ends i.e. treasury as well as banks end. PayManager application is handling large volume of transactions that include electronic payments of over Rupees 33,000/- Cr covering 1.42 Cr beneficiaries by generating 19 lakhs bills per Year that includes various types of Payments to 5.25 lakhs employees, Scholarships, Service Providers, Anganwari and Third Parties. Large volume of files are generated for Electronic Payments and exchanged with the banks. The volume is constantly growing. PayManager Application has changed the existing processes in a drastic manner. It has completely changed the payment processes. Rajasthan is the pioneer State in implementing the complete electronic transfer of payments in to bank accounts using the Digital Signature Authentication with self developed electronic Signer & De-signer utility. The complete payment process has been automated using digital signature certificate authentication and encryption methodology. It has helped in enhancing the Government planning of financial Inclusion. The PayManager has also enhanced processes by implementing Aadhaar Based Payments. The PayManager has also been augmented for Aadhaar based payments. PayManager system was used a payment medium for the schemes selected as a pilot basis in the districts by Government of India for Aadhaar based payments. Rajasthan is the only State where both the schemes Electronic Payments as well as Aadhaar based payments are being handled through a single PayManager System.
